Session updates

“Developing & Emerging sessions closed on a Thursday in November”

The **Raw** sessions on a Tuesday & Friday have started the year well with a consistent and dedicated group of young players. There are currently 21 players in the squad with an average attendance of 92%.

Following coach discussions and the capacity to take more in the Developing squad we have decided to move 7 players up into the next group. They will now meet on a Tue & Thurs 6-8pm.

Thursday sessions will not run throughout November due to other bookings at Kirkby Sports College. Players have been selected based upon their Raw Performance player profiling results which include trainability, competition results and technical skills.

The **Developing** sessions have stabilized at around 10 players attending 61% of the time. After half term we hope to increase the attendance figures considerably.

The **Emerging** sessions have 12 players on the role attending 46% of the time. We are pleased to announce that some of these players now attend a regional High Performance cell on a Thursday in addition to our Tuesday PC sessions.

Raw - On role 14, Capacity 22 Space 8
 Developing - On role 17, Capacity 18, Space 1
 Emerging - On role 12, Capacity 16, Space 4
